CITATION

Released: March 29, 2007

By the District Director, San Francisco District Office, Western Region, Enforcement Bureau:

1. This is an Official Citation issued pursuant to Section 503(b)(5) of the Communications Act of 1934, as amended (“Act”),¹ to R. P. Communications for violation of Section 302(b) of the Act² and Section 2.803(a)(1) of the Commission’s Rules.³
2. An investigation by the Enforcement Bureau’s San Francisco Office revealed that on January 24, 2007, R.P. Communications offered for sale non-certified Citizens Band (“CB”) transceivers, namely, Cobra models 150 GTL DX and Cobra 200 GTL DX , Ranger RCI2950DX, Superstar 36, and the General models General Hill, General Longstreet and the General Sherman. When asked about Galaxy Models DX95T and DX99V, the clerk said that they were sold out, but that he could order either radio. According to the Commission’s records, these devices have not received an FCC equipment authorization which is required for Citizens Band transmitters marketed in the United States.
3. Section 302(b) of the Act states “No person shall manufacture, import, sell, offer for sale, or ship devices or home electronic equipment and systems, or use devices, which fail to comply with regulations promulgated pursuant to this section.” Section 2.803(a)(1) of the Rules provides that “...no person shall sell or lease, or offer for sale or lease (including advertising for sale or lease), or import, ship or distribute for the purpose of selling or leasing or offering for sale or lease, any radio frequency device unless: (1) In the case of a device subject to certification, such device has been authorized by the Commission in accordance with the rules in this chapter and is properly identified and labeled...” R. P. Communications’ offer for sale of these devices violates both sections.
4. Dual use CB and amateur radios of the kind at issue here may not be certificated under the Commission’s rules.⁴
